

GASPARDO

QUALITY POLICY
(Rev. 01 of 30/09/2025)

The Maschio Gaspardo Group is an international supplier of agricultural equipment for tillage, planting, fertilization, crop treatment, green maintenance and haymaking.

With the objective of meeting the growing expectations and needs of our customers, we are committed to constantly improving the quality of our products and services by involving all company departments in innovative projects, robust production processes, a solid supplier base and responsive after-sales service.

We support our employees in adopting and following the Quality Policy, using continuous improvement tools and a proactive and preventive approach to provide our customers with safe, high-quality products delivered on time, while respecting the Environment and Sustainability.

This Policy has been drawn up by the Quality Department with the support of the Function Managers and has been approved by the Gaspardo Group Management, based on the guidelines of the international certification standard ISO 9001:2015 'Quality Management Systems'. Its principles are valid for all companies in the Maschio Gaspardo Group.

The objectives defined and monitored in periodic reviews can only be achieved, maintained and improved with the commitment and participation of everyone, each according to their own area of responsibility.
